

First State Bank Mask Policy

For the safety of our customers and employees, First State Bank has decided to continue to require mask wearing for in-person visits for the foreseeable future. We ask that if you wish to conduct business in-person at any of our branches that you please bring a mask and wear it within the confines of our branches. We plan to keep this policy in place until such conditions change to warrant removing this requirement.

If you do not wish to wear a mask for in-person visits, we ask that you keep a minimum of six feet between you and any other customer or employee and remain behind any plexiglass barrier while conducting business.

Alternatively, all drive thrus are open and ready to serve your banking needs. For any questions, please feel free to contact one of our branch locations below:
